MY EXPERIENCE AT ON THE BALL COMPUTER TRAINING COLLEGE

I Bonang Kenosi a part time student at On The Ball Computer Training College experienced lot of things that I won't be able to mention all.

Because of OTBC I know exactly **WHAT** a Computer is, **HOW** to use it, **WHY** do we use it and now I am learning **HOW** to fix, install, upload and upgrade on / it. I can even tell someone who don't know. What I experienced more and proud of it is to open it, take it apart and put it together again.

What I also experienced and impressed me the most is **the training materials**, the college's materials are **always** up to date, ready and we were taught how to handle and use them.

Overall On The Ball Computers's staff are always smiling friendly and that encouraged the student's attendance to be excellent and always be positive.

The experience that I got from On The Ball College gave me the ability and the opportunity to do more and better and is and will be very helpful on any position I might apply for.

Kings Regards

Bonang Kenosi
